Donald Paglia, M.D.
Department of Pathology
School of Medicine
University of California
Los Angeles, Ca. 90024

Dear Don:

I am on my way back from Santiago, Chile and sitting in the Miami airport awaiting a plane to New York. I can't remember whether I wrote to you about the desire of Dr. Fujikura to obtain a pathologist who would be interested in human radiation effects and to work in various experimental pathology programs that exist at Radiation Effects Research Foundation in Hiroshima. At any rate, he probably will be contacting you for help and you ought to know what this is all about.

Warmest possible regards.

Sincerely yours,
